

Sarv WAVE

A Video Conferencing Solution

DAWN OF NEW VIDEO CONFERENCING SOLUTION

Encryption

Secure with standard
end-to-end encryption

Independent

Not bounded to any of the
OS or the browser

Saving

Use less data to give you
more time to stay connected

Indian

All servers are located in
India Only

AWESOME!

Sarv WAVE can let you connect with 1000 people at once without consuming your more data and gives you more features.

Sarv Wave

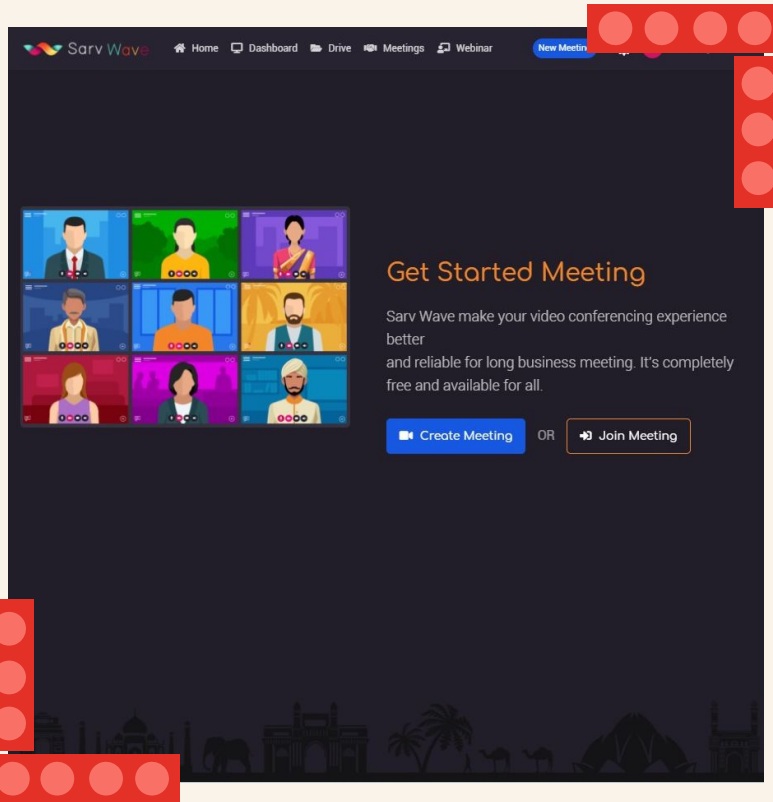

WHY SARV WAVE ?

Sarv developed this software to give us all an independent platform to make video conferences. It gives independence from :

- Foreign Servers
- Data leak and breach
- Number of Participants

There is more independence you will get as you start using it.

A PICTURE OF NEW BEGINNING

Now create meeting and webinar
with full security on the go.
Connect with everyone from one
dashboard and share feelings,
emotions or informations.
